

Armored F550 20-passenger Bus

Base Vehicle	Ford F550 HD Truck Chassis
Fuel Type	Diesel
Engine	6.4L Turbo-diesel V8
Transmission	Automatic
Max Power	300hp @ 2,800rpm
Passenger Capacity	20+5 (optional)
Cruising Speed*	100 km/h
Travel Range*	400 km
Protection Level	CEN B6 or NIJ Level IV

LASCO Armored has developed this vehicle to meet the demand for a large passenger capacity armored bus with the “civilian” exterior that does not attract unwanted attention, and does not project a threatening image.

Despite the unique luxury features and a high comfort level, the F550 Bus provides low “cost per seat” ratio, and competes with the smaller and cheaper means or secured passenger transportation.

Standard Armoring Package:

- 360-degree perimeter including firewall, roof, floor protection
- Multi-layer Ballistic glass, no spall
- Reinforced door hinges and door supports
- Battery and ECM protection
- Suspension reinforced
- Runflat devices installed in all wheels
- Dual battery system
- Fire extinguisher(s)
- First aid kit

Interior and Comfort Features

- Automatic side door with manual override
- Rear emergency exit door
- Aircraft-style overhead storage compartments
- Aircraft-style individual seat lighting
- Aircraft-style Air Conditioning outlets

Additional Accessories and Optional Equipment

- Rear TV/DVD screen
- Siren/PA/Intercom system
- Emergency lights package
- Fire suppression system (underbody, engine bay, fuel tank)
- DVR equipment
- GPS tracking equipment
- Radiator protection
- Thermal Camera (Night Vision)
- 4x4
- Extended range fuel tank
- Jump seats to accommodate additional (5) passengers
